**Sailings from April 2024 – January 2025**

New voyages now available to book.  
Sailing from April 2024 – January 2025.

From warm island seas to winding streets brimming with history, our 2024 season brings untold possibilities of discovery. Together, the Cunard® Queens offer over 190 new voyages, including more than 30 in Queen Anne's maiden season, each one presenting the chance to explore some of the world's most fascinating destinations in sublime comfort.

Retrace the steps of Vikings in Scandinavia, dine on exquisite dishes in the Mediterranean, and bask in the glorious Caribbean sunshine as you gaze out at vistas peppered with palm trees. Sail from New York on an iconic Transatlantic Crossing, embracing the freedom of the sea where you have time to do as you please, or delight in the vast landscapes of Canada and New England. This season also brings more opportunities to see the British Isles.

Other highlights include overnights in enticing cities such as Reykjavik, Copenhagen, and Quebec, plus the chance to experience an extra special New Year's Eve in Madeira on Queen Anne®. Queen Mary 2® brings opportunities for an equally memorable festive season, as she sails in Caribbean waters over Christmas and New Year.

## Cunard® CompleteAir

Make it a truly relaxing vacation by letting Cunard handle all the details.

The Cunard® CompleteAir program offers guests and their travel advisors an experience similar to other automated air booking websites, but with flights tailored specifically to their cruise. All available flights can be reviewed in real time, and the desired departure time, carrier, number of stops, and class of service will be confirmed upon booking. We cannot guarantee that seat selection will be available, as that is controlled by the airlines. The Cunard® CompleteAir program features no customization fees. Customized flight itineraries are available to all guests.

All guests who book air travel through Cunard will be automatically enrolled in the Cunard Same Day Late Arrival Protection program (not applicable for Transatlantic Crossings). If guests miss or will miss their original port of embarkation on the same day of travel due to airline delay or an airline service disruption, such as flight-cancellation or flight re-routes, Cunard will do what we can to work with the airlines to find a reasonable alternative to provide flights to the next appropriate port at no additional air cost to the guest.

If for any reason your cruise arrives late into port or your Cunard transfer is delayed to the airport and you miss your return flight, Cunard will work with the airline to rebook your flights to get you home.

Cunard CompleteAir is now better than ever with new, lower prices. Cunard's improved program offers all the benefits of a flexible ticket at the price of a restricted ticket, at deeper discounts compared to booking airfare online or directly with the airlines.

### Cunard® Private Air.
